DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3 and 8-14 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The rejections under 35 USC 102/103 are withdrawn in light of the argument and citations presented by applicant in the response dated July 1, 2009. According to applicant, the cited reference teaches crystal form B and does not provide any suggestion of crystal form B or any process for making said polymorph. Based on the cited reference, applicant's argument and the data presented in the present specification, the examiner agrees the prior art does not provide a reasonable expectation of obtaining the claimed crystal form B.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
